# CP ULTIMATE LINE & PRO LINE SERIES

## COLD WATER PRESSURE WASHER, DIRECT OR BELT DRIVE

**Built For Severe Duty:** Compare these standard features

### COMMON FEATURES

#### Long Life Engines:

Twin cylinder, pressure lubrication, and oil filtration along with reserve horsepower delivers 50% longer life than single cylinder powered washers.

#### Smooth Running:

V-Twin engine is quiet and produces less vibration. Triplex pump, hose, and unloader valve system eliminate water pulsation.

#### All Stainless Frame:

Pro-TECT-IT frame offers lifetime corrosion resistance. Integrated control panel protects unloader valve from abuse and vibration.

#### Flexible Portability:

- Lifting eye enables hoisting overhead
- Four handles enhance maneuverability
- Integrated skid base for truck or trailer mount
- Optional 4-wheel kit

#### Safe Refueling - 4 gallon capacity:

Fuel tank is located away from engine to reduce risk from gas spills. Extra capacity tank extends running time up to three times longer.

#### Equipment Protection:

Integrated safety controls to prevent damage include:

- Over temp pump relief valve
- Pressure unloader valve and safety pressure relief
- Pro-TECT-IT cage frame

#### Full Rated Output:

Cleans 15% faster than comparable washers by achieving full rated flow.

#### More standard features:

Adjustable output with hand throttle adjustment for various applications, Quick couplers on nozzles and hose, Heavy duty 50' hose, trigger gun and wand

CP Series shown with optional wheel kit

### CP PRO LINE® SERIES

#### Direct drive ceramic plunger pump:

High efficiency, low maintenance pump designed for positive engagement to engine shaft. Pump pressure is relieved for easy pull starting.

### CP ULTIMATE SERIES

#### Total Relief Unloader:

Flow sensitive unloader allows pressure to build up gradually as trigger gun is activated reducing gun recoil. When gun is released the entire system is relieved of trapped pressure, for easy starting and less wear.

#### CAT Pump/ Gear Belt Drive:

High torque, "no slip" gear belt, low RPM drive- cooler, quieter, allows continuous performance. These industrial triplex, ceramic plunger pumps outperform the competition in longevity.

#### Ultra Gun/ Wand:

Stainless steel "Ultra Gun" with adjustable grip-multi attachment.

#### Electric Start/ Low Oil Shutdown on CP35005V:

Includes 12V battery to start engine with the turn of a key and shuts off automatically if oil pressure drops.

### Specifications

Model	PSI	GPM	Drive	HP	Engine
<b>PRO LINE®</b>					
CP40004VG	4000	4.0	Direct	14	Vanguard Gas
CP40004VC	4000	4.0	Direct	14	Vanguard Gas
CP35005VH	3500	4.5	Belt	14	Vanguard Gas
<b>ULTIMATE LINE</b>					
CP35005VC	3500	4.5	Belt	14	Vanguard Gas
CP35005V	3500	4.6	Belt	16	Vanguard Gas

#### Optional Accessories:

Wheel kit 8" or 10", Turbo nozzle, Hydro Twister Concrete cleaner, Wet sandblast assembly, Hose and Wand extension, hose reel, Trailer and Tank Skid options

Specifications may vary, consult factory for custom models
