

### **Air Purge**

Removes air from carburetor and fuel lines for easier starting.

### **Air Injection**

Centrifugal air cleaning system removes larger dust and debris particles before reaching the air filter. This results in reduced air filter cleanings and improved engine life.

### **Combined choke/stop control**

Allows for easier starting and reduces the risk of engine flooding.

### **Magnesium crankcase**

Sturdily built crankcase withstands high rpms and tough professional use, ensuring a long service life.

### **Snap-lock cylinder cover**

Saves time when changing spark plugs and cleaning.

### **Three-piece crankshaft**

Forged three-piece crankshaft for maximum durability for the toughest applications.
