

Super-Vee™

Inquire which version of this is available for rental

The Small Drain Specialist

The Super-Vee offers you a complete system for cleaning drain lines through 3" in diameter. With a variety of cables, cutter and accessories available, you have the right combination for any clogged drain problem.

The Super-Vee is built to clear clogged drains for a decade or more. And our Dyna-Thrust™ bearing system is one reason why. It helps carry the weight of the drum, significantly reducing wear on the motor shaft bearing and extending the life of the tool.

Of course the cables are Flexicore® – with an integral wire rope center. Nobody makes cables like General.

Slide Action Chuck: With a quick movement of the Grip Shield, you release or engage the cable – without the need for a chuck, and with automatic adjustment for different cable diameters. As a result, you get your cable into the line faster, pull it out faster, and have full control at all times. Because the Slide Action Chuck is linked to the Grip Shield, handling is easy and comfortable.

Slide shield **BACK** to grip cable...

Slide Grip Shield **FORWARD** to release cable...
It's that quick!

Quick-Change Cable Cartridges: To switch to a different diameter cable (or even connect two 3/8" cables together), you just loosen three screws, pull the front of the drum off the cable, and load another cartridge. Changing takes less than a minute and turns what could be a messy job into a clean one. The tough plastic cartridges are so inexpensive, you'll probably want to store all of your Super-Vee cables in them.

The toughest tools down the line.™

Super-Vee Units Complete and Ready to Operate

SV-A-WC with case, 25 ft. x 1/4" (25HE1), 25 ft. x 3/8" (25HE2) cables, HECS cutter set and cartridges. Boxed wt. 32 lbs.

SV-B-WC with case, 25 ft. x 1/4" (25HE1), 35 ft. x 3/8" (35HE2) cables, HECS cutter set and cartridges. Boxed wt. 35 lbs.
